## ADVANCING THE **CONSERVATION AND PROTECTION** OF BATS AND THEIR HABITATS

Derbyshire Bat Group is an independent group of volunteers who promote the conservation of bats throughout the county. We do this by undertaking a range of activities during the year with the aim of furthering our understanding how bats use different habitats in Derbyshire.

### These include:

- ▶ Training our members in a range of survey techniques
- ▶ Monitoring bat box schemes
- ▶ Carrying out field surveys using acoustic survey methods
- ▶ Undertaking winter hibernation surveys of caves and other underground structures
- ▶ Education through walks and talks to promote awareness of bats and their ecology
- ▶ Caring for injured bats
- ▶ Maintaining a database of biological records

Join us and get involved. Membership of the group is open to anyone with an interest in this group of mammals. As a member you can expect to receive regular emails notifying you of upcoming events.

You will be provided with a login to the membership section of our website where you will be updated on the group's activities. We meet once a month at alternating venues in the north and south of the county.
